

6st International Scientific Conference

BioHydrology

“Plants’ role in the hydrological cycle”

6-9 September 2022, Krakow, Poland

Organizer:

Faculty of Forestry
University of Agriculture in Krakow
Al. 29 Listopada 46; 31-425 Kraków

Under the patronage of:

Conference Theme:

The Conference aims to gather scientists and practitioners dealing with issues in the field of hydrology, biohydrology and engineering in natural and anthropogenic areas, as well as other disciplines related to Earth Science.

The topics of the conference will include all issues connected with water balance between atmosphere-plant-soil.

We hope that our Conference will provide an excellent opportunity to present research results and to discuss current trends in hydrology, as well as to create a platform for exchanging experiences at the interface between theory and practice. A rich agenda will be added to the field session.

Scientific committee:

Artemi Cerdà – Soil Erosion and Degradation Research Group. Departament de Geografia. Universitat de València. Spain

Marcin Pietrzykowski - Faculty of Forestry, University of Agriculture in Krakow, Poland

Stanisław Malek - Faculty of Forestry, University of Agriculture in Krakow, Poland

Anna Klamerus-Iwan - Faculty of Forestry, University of Agriculture in Krakow, Poland

Rafał Kozłowski – Institute of Geography and Environmental Sciences, Jan Kochanowski University in Kielce, Poland

Lubomir Lichner - Institute of Hydrology, Slovak Academy of Sciences, Slovakia

Cláudia Carvalho-Santos - University of Minho, Braga, Portugal

Anna Brook - University of Haifa, Israel

Ioannis Daliakopoulos - Hellenic Mediterranean University, Greece

Manuel Pulido-Fernández - Universidad de Extremadura, Spain

Ana Marta Paz - National Institute for Agricultural and Veterinary Research (INIAV), Portugal

Patricia M. Saco - University of Newcastle, Australia

Organizing committee:

Chairman: Anna Klamerus-Iwan,

Secretary: Ewa Słowik-Opoka

Members: Janusz Gołąb, Dawid Kupka, Muhammad Owais Khan, Pranav Dew Singh, Amisalu Misebo

Call for abstracts: Participants who wish to contribute to the conference are invited to submit an abstract in English (max. 400 words), indicating their preference for an oral presentation or a poster, by **30st June, 2022**. [The abstract template will be available on the conference website.](#)

Awards: There will be an award for the best poster and oral presentation

Publication: e-book of abstracts (USB stick) will be available for participants at the conference.

Full papers based on presentations after the conference will be able to be published in peer reviewed journals:

- **Journal of Hydrology and Hydromechanics**
- **Biologia (Springer)**

Deadline for submitting full-text articles: from September 1 to December 10, 2022.

Conference Fees and tentative program:

06.09.2022 - 09.09.2022	Online participation for 07 and 08 September	90 €
06.09.2022 - 09.09.2022	All days (without gala dinner)	320 €
06.09.2022 - 09.09.2022	All days (with gala dinner)	360 €
06.09.2022 - 09.09.2022	Students - All days (without gala dinner)	250 €
06.09.2022 - 09.09.2022	Students - All days (with gala dinner)	290 €

Payable until July 10, 2022

06.09.2022	Infrastructural activities, including small water retention projects in the Regional Directorate of State Forests in Krakow; Field session, lunch, local attractions
07-08.09.2022	Scientific sessions, Faculty of Forestry, coffee breaks and lunches
09.09.2022	Field session with the participation of the City Greenery Authority in Krakow, Elements of the blue and green infrastructure in the city

Accommodation: Krakow offers a wide range of accommodation options:

- 1) dorms
 - A rooms (guest standard and basic):1 bathroom for 2 rooms, towel, hair dryer, TV, kettle, basic cutlery = 35PLN / person / night
- 2) Hotels and hostels (www.booking.com)
